

## Integrated Care for Your Health & Safety At Home

At CNS Cares, we understand the importance of having the right medical supplies and equipment at home to support your health and well-being. That's why we've expanded our services to include Durable Medical Equipment (DME) from **CNS Cares Medical Supply Services**.

### The Benefits of an Integrated Approach

When your **home health care provider** is also your **medical supply resource**, you gain access to a more efficient and coordinated level of care.

- ▶ **Proactive Supply Management** – Your CNS Cares nurse is in your home regularly and can monitor your medical supply needs, ensuring you never run low on essential items.
- ▶ **Better Health Outcomes** – Having the right medical supplies and equipment at the right time can prevent complications, reduce hospitalizations, and enhance your overall well-being.
- ▶ **Streamlined Ordering & Delivery** – No need to coordinate with multiple vendors. We handle everything, making the process **simpler and stress-free** for you.
- ▶ **Expert Guidance & Personalized Care** – Our trained professionals help you select the best products for your condition and ensure you know how to use them properly.
- ▶ **One Trusted Partner** – By keeping your home health care and medical supply services within CNS Cares, you benefit from a team that **knows your health history, anticipates your needs, and delivers timely support**.

### CNS Cares: Your Trusted Partner for Home Health Care & Medical Supplies (DME)

From mobility aids to wound care, incontinence products, respiratory equipment, and more, CNS Cares Medical Supply Services ensures that you have access to the **highest-quality supplies** tailored to your needs.

With CNS Cares, you don't just get care—you get **comprehensive support for a safer, healthier, and more comfortable life at home**.
